Your NHS, your way

SHN

Introducing the NHS App

You can use the NHS App **wherever you are, at any time of the day or night**. You can use it to access a range of NHS services.

The NHS App will not replace existing services. You can still contact your GP surgery in the usual ways if you prefer. For example, by visiting or telephoning your practice.

Use the app to:

book and cancel appointments

book, view and cancel appointments at your GP surgery

view your record

access your GP medical record securely

order repeat prescriptions

see your available medicines and place an order

check your symptoms

find trusted NHS information on hundreds of conditions and treatments and get instant advice

register your organ donation decision

choose to donate some or all of your organs and check your registered decision

find out how the NHS uses your data

choose if data from your health records can be shared for research and planning

The NHS App gives you more control over your health and care.

The NHS App puts information about your health and treatments at your fingertips. This means you can see it when speaking to a health and care professional, for example.

Owned and run by the NHS

The app is designed and operated by the NHS in England to give you access to a range of services.

We will carefully check your identity when you register for the app, which is secure and easy to use.
